

CRIMPING MACHINE CM3000

CM3000 presses evenly and encloses the sleeve over hose and coupling. The tool is fully adapted to respective size of the coupling and does no harm.

Technical data:

- CE-certified.
- presses according to DIN-norm
- can handle all normal sizes of couplings, 25 – 76 mm
- runs on battery or regular power outlet
- delivered with presses for two optional sizes of couplings.
